RE: San Diego State University  
PS 4 Pedestrian Bridge

Dear Ken:

I wanted to thank you and Bob Knapp for the great job you did on the Pedestrian Bridge. We really appreciated the spirit of cooperation that your team exhibited during this difficult project. It's refreshing to see a group that wants to work together to accomplish a common goal. Bob's professional attitude and attention to detail was critical in achieving a project we can all be proud of. Thanks again to Riha and especially Bob and yourself for making this a successful project.

Sincerely,

  
Clayton Kraft  
Project Architect
